KING OF RAT CATCHERS BUSY.

Special Cable to The Washington Herald.

London, July 8.—William Dalton, of Southwark, who is known as the king of rat catchers, has been given the job of killing the rats in all the army camps in England.

"This year," says the "king," "I am fighting almost single handed, and the menace is really serious. In less than six months I have caught over 12,000 rats, and cries for help are coming from all quarters."

"The government has come to realize the necessity for killing the rats. At one camp I have already visited, we caught 1,000 rats and over seventy of them weighed more than a pound and a half each."

HOLIDAY CROWD FILLS WILDWOOD

Record-Breaking Through Spends Fourth at Popular Jersey Coast Resort.

Wildwood, N. J., July 8.—"The Spirit of '76" was manifested during the last week, when the resort filled up with Independence Day vacationists, who flocked to this national playground in such numbers that it seemed the great throngs would never cease coming. It proved to be the greatest "Fourth" crowd the resort has ever witnessed.

Many visitors took advantage of the holiday season and made plans to stay over the balance of the week. The week-end addition of visitors has resulted in a regular jam. Business men and hotel men are jubilant, as their houses are filling up.

This week saw the opening of the large auditorium of the Casino Pier Company, on their new pier. The opening proved a great success, with Director Walter Pfeiffer and his orchestra of twenty-five pieces, all members of the Philadelphia Orchestra, as the attraction. The two concerts daily have attracted large audiences.

Banquet to Crane.

In appreciation of the work of Heber Crane, secretary and treasurer of the Wildwood Title and Trust Company and manager of the Casino Pier Company, who was instrumental in securing these artists, a large number of business men of Philadelphia and leading citizens of Wildwood tendered Mr. Crane a testimonial banquet at the Holly Beach Yacht Club. Among the speakers were George Nolan, Thomas Martindale, H. C. Nolan, M. D. Stenhouse, J. Thompson Baker, Commissioner R. W. Ryan, Postmaster George N. Smith, Senator Philip P. Baker, G. H. Huppert, Mark B. Reeves, Samuel Lanning and others.

Wildwood's complete program for the season is now being enjoyed by the host of July visitors. Everything is now being put into operation for the next great celebration, which will be the Firemen's Day parade on July 12. On this date, the city's fire ladders will be hoisted to honor the visiting fire companies from all over New Jersey and possibly from Pennsylvania. From the number of acceptances of the invitations sent out, the affair promises to be the greatest of its kind ever attempted in the State. A score of bands will also participate in the grand parade this year. The prizes offered are pronounced the best ever.

A pretty romance which started when the contracting parties were students at art at the Carnegie Institute culminated with the wedding of Miss Marian Patterson, daughter of Mr. and Mrs. George W. Patterson, and David L. Evans, of Pittsburgh, under a canopy of ferns and evergreens in the formal ballroom of the Wildwood Ocean Pier. The ceremony was performed by the Rev. Isaac Bagley. This is the first ceremony of its kind to be performed on the Ocean Pier. The couple are for a trip to Boston, where they will make their future home. The bridesmaids were the Misses Esther Wallen and Lillian Johnson, cousins of the bride. The best man was James Groer. The bride was given away by her brother, J. B. Patterson. Doris McLean acted as flower girl. Miss L. Johnson sang.

BREAD FOR PRISONERS.

France to Send Four Pounds a Man Weekly to Germany.

Special Cable to The Washington Herald.

Paris, July 8.—The dispatch of bread to French prisoners of war in Germany has just been centralized in a national federation, which undertakes to send two kilos (a little over four pounds) of bread weekly to every French prisoner in Germany.

The new organization includes the provincial societies previously formed for aid of prisoners. It has the active support of the French government and of the International Red Cross Bureau of Geneva. As a result of the arrangements made French prisoners in all the German camps will find their bread rations doubled by these parcels from home.

Certain guarantees have been obtained for the proper distribution of the parcels. Germany has agreed to allow in each camp a French delegate to correspond freely with the federation in order to inform it of the regularity of the deliveries.

Neutral ambassadors will also exercise control. The German government has consented to reveal the exact number of prisoners in each camp.

To Ward Off Summer Complexion Ills

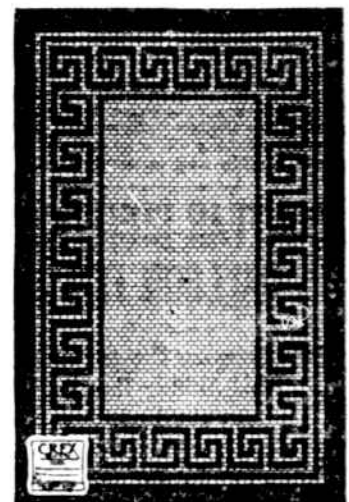

To keep the face smooth, white and beautiful all summer, there's nothing quite so good as ordinary mercurized wax. Discolored or freckled skin, so common at this season, is gently absorbed by the wax and replaced by the newer, fresher skin beneath. The face exhibits no trace of the wax, which is applied at bedtime and washed off mornings. Greasy creams, powders and rouges, on the other hand, are apt to appear more conspicuous than usual these days of excessive perspiration. Just get an ounce of mercurized wax at any drug store and use like cold cream. This will help any skin at once and in a week or so the complexion will look remarkably young and healthy.

Sun, winds and flying dust often cause sunburning and other contortions which make wrinkles. You can quickly get rid of every line, however caused, by using a harmless wash lotion made by dissolving 1 oz. powdered azoicite in 1 pt. which hazel-Adv.
